

Cheap Car Insurance For Woman

Written by Colin Marsh

Sunday, 25 December 2011 12:32

I have just learnt to drive am excited and equally nervous about buying my first car. I need a cheap car, ideally under £3000 and am searching for a [used car supermarket Norfolk](#) . I have been reading WhatCar and Parkers and know that my first car should be a small engine with power assisted steering and front airbags for safety. I will not do any motorway driving and just do the daily drive to Swaffham from Kings Lynn to go to work. Stebbings Car Superstore in Kings Lynn have a cheap Silver Ford KA on their website so I am going to view this on Saturday. Stebbings also do vehicle servicing and MOT so it would be good to deal with the same used car dealer for aftersales facilities.
